

Bob Abrahams

artist

Paintings by Bob Abrahams

Are impressionistic in style. Essentially a tone and atmospheric painter, he "searches for the light", using colour to enhance the effects of light and shadow.

Bob completed an Arts Diploma at Perth Technical College in the 1970s while working full time. Since retiring from a successful business career in 2000 he works as a professional artist.

As an artist specialising in landscape and still life, he spends much of his time painting from life and on location in and around the city of Perth. He made regular painting expeditions to the north west of the State and other regions. Bob uses the proven painting techniques of the "Masters" and uses professional quality art materials.

Many of Bob's paintings have been sold through local art galleries, such as Artisan Gallery Subiaco, Ellis House, The Monet Gallery, The Mill Gallery York, also at exhibitions by WA Society of Arts, Bayswater Art Society and Riverside Painter's. Successful exhibitions have also been held at Dalkeith Dome with Bernice Wright and at the Old George Gallery with Maureen Silc and Panisca Carnaby, and with David Hinchliffe at Ellis House. The growing list of painting awards and satisfied art collectors are a sure indication of the interest in his work.
